## Friends of Abused Children

Seminole County Friends of Abused Children (SCFAC) receives no federal funding. We rely entirely on your generous donations and grants to support children, young adults and at-risk youths, that have been deemed abused, neglected, or abandoned. Friends is entirely operated and managed by volunteers. Our board operates with minimal overhead, so your donation supports a child. No tax, salary or operating cost deductions.

Please help us fill the gaps in funding for these vulnerable children and young adults. Your donation will help pay for the day-to-day living expenses federal and state-funded programs don't address, including clothing, educational support, sports, extracurricular activities, medical care and so much more.

We regularly hold events and projects to raise money in support of Seminole County's abused and neglected children, and we rely on your volunteer efforts to make them happen. Please reach out to us if you are interested in volunteering your time to help our community's children.

You can change  
a child's life
