Attachment B
Central Florida Continuum of Care (CoC FL-507)
Steps in the Review, Ranking and Selection of Projects for Inclusion in the 2018 Submission to HUD

1. Development of the Application Scoring by the CoC Resource Allocation and Coordination Committee, with the Input of CoC Stakeholders

All eligible applications will be reviewed using a Scoring Framework approved by the CoC FL-507 Resource Allocation and Coordination Committee. The Scoring Framework lists and defines all of the scoring categories that reviewers will use in evaluating applications, as well as specifies the maximum number of points that an application can earn in each category. The elements of the Application and Scoring were developed with input from CoC FL-507 stakeholders across the region, the CoC FL-507 Resource Allocation and Coordination Committee and the CoC FL-507 Board.

The categories, point assignments and weights included in the Scoring process incorporate the input received the broad CoC FL-507 membership. It is important to note, however, that a number of the factors considered and the weights they are assigned are a function of the priorities and policies of HUD and the U.S Interagency Council on Homelessness. Specific steps were taken to address factors uniquely or disproportionately impacting CoC participation by victim service providers and to hold them harmless with respect to those factors.

2. Scoring of Each Application Based on Multiple Independent Reviews as well as Evaluation of Performance and Administrative Data

Each of the sub-scores in the eight major scoring categories will be based on a combination of scoring by trained and qualified reviewers (including key CoC FL-507 stakeholders such as victim service providers, jurisdictional representatives, individuals who have experienced homelessness, etc.) as well as administrative and external data, as described in the Application Scorecard. Each reviewer will evaluate the application independently. Reviewers will be randomly assigned applications, except that steps will be taken to minimize the potential for reviewer bias on the basis of population served, service provided, or geography represented. Performance and administrative data will be generated using HMIS reporting tools. All scores will be compiled and submitted to the CoC FL-507 Community Ranking and Selection Committee, together with additional information about the proposed projects, HUD's priorities and other relevant factors.

3. Development of Recommendations by the Community Ranking and Selection Committee

The Community Ranking and Selection Committee, a group of independent community representatives from across the region, will review the compiled scores for all of the applications, along with other relevant information, such as geographic coverage as well as the priorities and goals identified by CoC FL-507 and HUD. The Community Ranking and Selection Committee process will collectively develop a recommended slate of funded projects and amounts for consideration by the CoC FL-507 Board.

4. Approval of Final Slate of Projects and Funding Amounts

The CoC FL-507 Board, the governing body for the Central Florida Continuum of Care, will approve a final slate of projects and funding amounts for inclusion in the Central Florida CoC's application to HUD.

****

A copy of the FY 2018 Application Scorecard as well as Attachment A-1 to the Request for Applications (list of sources of external or administrative data included in the scoring process) will be available on the CoC FL-507
