Alissa Kraman

Annie Johnson

Yubetsy Alamo

David Lansinger

# HMIS Update

Racquel McGlashen

# The HMIS Lead Team has a new member!

Welcome Tyler Claitt!!

Title: HMIS Agency Support Specialist

- Computer Engineering senior at UCF
- Specializes in Software Engineering
- Plays Trumpet and Piano in spare time

Look out for Tyler in upcoming training sessions and in our ticket system!

# Federal Reporting Updates

## Longitudinal Systems Analysis (LSA)

- Pre-uploads for FY18-19 and FY19-20 have been uploaded to HDX 2.0
- These are not final submissions - we will have further opportunities to re-upload LSA exports after reviewing data quality
- Final submissions are currently expected by the end of December

This is the perfect time to run a project-level CoC-APR and review the Data Quality tables!!!

# The HMIS Calendar: What's new?

In addition to the HMIS 101 New User training, the following training sessions have been added to the regular rotation and will be offered every 1st and 3rd week of the month:

HMIS Reports 101/102 & Data Quality

HMIS 101/102 Refresher

As a reminder - **New User training requests must come from the designated Agency Liaison.** If you do not have one set for your agency, please contact our team so we can pin down who that person should be.

# Revamping HMIS Support Sessions!

We host an hour support session each week on Mondays and Thursdays from 1p - 2p.

Starting in November, we will be converting the Monday support hour to an information/technical session

- Each month will have a theme
- November's HMIS theme is **all about income!**
  - Join us for that Monday hour as we walk through all the technicalities that documenting income in our system presents, and how it impacts our data quality.

**Do you have theme ideas for an information session?**

Pitch it in the comment box OR send us a ticket!

# What to expect with FY20-21?

There are no major system changes for this federal year 10/1 - 9/30/2021

The HMIS Lead Team will be doing more frequent check-ins with each of our partners - especially those with ESG CV projects

- ↖ Data quality
- ↖ CE elements usage

Still unsure about what our PIT process will look like this year - we will provide an update to the community as soon as HUD provides that guidance.

We love to hear from you!

File a case to our HMIS Help Desk, and one of our Support Agents will respond!

Visit our site:

<https://www.hmiscfl.org/>

And click the **blue** support button at the bottom of the page.

 Support
